Post-graduate Studies Program: «Environmental Engineering»

CALL FOR APPLICATIONS (2019-2020)

MSc. ENVIRONMENTAL ENGINEERING

The call for applications for the MSc. study program in Environmental Engineering (starting academic year 2019-2020) is now open. Applicants are requested to submit the following documents:

1. Personal information and desired specialization area.
2. Copies of acquired degrees/diplomas
3. Certificate of accreditation by Hellenic NARIC (for degrees from foreign institutions)
4. Official transcripts
5. Copies of English Language Certificates (and of any other foreign language, where applicable)
6. Extended Curriculum Vitae
7. List of awards, fellowships and publications.
8. Copies of scientific publications, if any.
9. Personal statement, describing your academic interest in and understanding of your chosen program, as well as your purpose and objectives in undertaking the specific graduate studies.
10. At least two letters of recommendation to be send directly to the School's Secretariat

The applications can be submitted via the [on line application system](https://e-graduate.tuc.gr) (<https://e-graduate.tuc.gr>). When using the online system, a digital photo of the applicant is also required.

The deadline for submitting all documents is **July, 31st 2019**.

Course fees for the whole duration: 1500 Euro.

For more information, visit: www.enveng.tuc.gr or call +3028210-37781, +302821037788

The Dean of the School of Environmental Engineering

Professor M. Lazaridis
